Resumo

Unha aventura épica na tolemia, esta serie de historias curtas historia alternativa, explora as cadeas que prenden o espírito humano á repetición de supervivencia.

~~~

Información por si só non ten a verdade dentro de si, ata que parte do seu todo é negligenciado, ignorado ou eliminar, tras o que, mesmo o evidente pode ser comprendido, aceptado ou denegado.

Os Estados Unidos ea Unión Soviética, dividido por perspectiva, pero unidos na batalla, atopar ao final dunha guerra a comezos do próximo; marcha a palabra impresa para con poder supremo, dada só pola distancia que podería cubrir.

## Limiar – Galego

**S**en absoluta como a verdade vagamos; presente, no corpo, no espírito, somos libres para oscilar entre a realidade e soños en busca dunha supervivencia digna da nosa dignidade. Ata a realidade, ou o que quere construír solta de tal nos atopamos tragados por, tira-nos ao seu Forte delirante-aquí e agora, en dirección a carga e compromiso a través de realización e loita fronte nosos soños de verdade.

Quizais a verdade non era o que soñara que era; palabras e os seus sentimentos, moitas veces obrigatoria nube nosas definicións dos conceptos máis comúns. Que mesmo entre os que falan a palabra ironía, sen ser irónico? Nun mundo onde o noso uso máis común de voltas tal a ser a súa única definición, non é loita, nunha broma, así, por coincidencia Ben humor, para sobrevivir, entre o que ri coas nosas verdades, xa que ri

dos nosos sonhos, sen nunca tampouco, tanto  
con este Fragmentos Terra.

“**N**on, é máis curto, pelo escuro, Americano uniforme do Exército.”

“Oh, escoller as súas palabras sabias. Desta forma,” a miña procura frenética seguiu a suxestión do seu dedo para dentro do túnel estrañamente iluminada.

“O norteamericano?” respondeu o Director seguinte, “vivo ou morto?”

“Vivir!” Eu insistín.

“Ata as escaleiras dunha ducia de pisos, se se apresurar.”

“Todo o mundo importante,” dixo o dízito na parte superior, “vén de todo canto que alí,” cando me virei el.

Summary

An epic adventure into madness, this series of alternate history short stories, explores the chains that bind the human spirit to the repetition of survival.

~~~

Information alone holds no truth within itself, until part of its whole is overlooked, ignored or removed, whereafter even the obvious can be understood, accepted or denied.

The United States, and the Soviet Union, divided by perspective but united in battle, find at the end of one war the beginning of the next; the printed word's march toward ultimate power, provided only by the distance it could cover.

## Preface – English

**W**ith no such absolute as truth we wander; in mind, in body, in spirit, we are free to waver between consciousness and dreams in search of a survival worthy of our worthiness. Until reality, or whatever loose construct of such we find ourselves engulfed by, pulls us back into the stark-raving here and now, toward burden and commitment through fulfillment and struggle it tests our dreams for truth.

Perhaps truth was not what we had dreamt it was; words and their compulsory feelings often cloud our definitions of the more common concepts. Who even among you speak the word irony without being ironic? In a world, where our most common use of such turns out to be its only definition, do we struggle, in a joke thereby so coincidentally humorous, to survive, among that which laughs with our truths as it laughs

at our dreams, while never neither does to  
either with this Fragment Earth.
